Writing and maintaining the GRS is the GRS Team's responsibility. This team is part of Records Management Operations in the Office of the Chief Records Officer, at NARA. You may contact NARA's GRS Team with general questions about the GRS at GRS_Team@nara.gov.

 Your agency's records officer may contact the NARA appraiser with whom your agency normally works for support ( printed page 50636) in carrying out this transmittal and the revised portions of the GRS. You may access a list of appraisal and scheduling contacts on our website at <http://www.archives.gov/records-mgmt/appraisal/index.html>.

SUPPLEMENTARY INFORMATION:

GRS Transmittal 35 announces changes to the General Records Schedules (GRS) made since NARA published GRS Transmittal 34 in June 2023. The GRS provide mandatory disposition instructions for records common to several or all Federal agencies.

As with the past few transmittals, this transmittal publishes only those schedules that are new or have changed since they were last published in a transmittal. Other schedules *not* published in this transmittal remain current and authoritative. You can find all schedules (in Word and PDF formats), general GRS FAQs, and schedule specific FAQs at <http://www.archives.gov/records-mgmt/grs.html>.

1. What changes does this transmittal make to the GRS?

GRS Transmittal 35 publishes updates to six schedules. The primary purpose of these updates was to revise certain GRS disposition instructions so that they are machine-implementable. Machine-implementable disposition instructions can be converted into code that a computer application can implement. Machine-implementable instructions must have only one retention type for the computer to know what to do. A retention type identifies the point in time when retention starts, either at the point of creation (an age- or creation-based retention, such as “Destroy when 3 years old”) or when a certain event occurs (an event-based retention, such as “Destroy 3 years after final action”).

GRS	Item	Change
GRS 2.2, Employee Management Records	030, Employee incentive award records 090, Records related to official passports—Application records	Revised the disposition instructions for machine-implementation.
GRS 2.3, Employee Relations Records	040, Telework/alternate worksite program case files (now Telework/Alternate Worksite Agreements)	Updated the item title and description for clarity. Revised the disposition instructions for machine-implementation.
GRS 2.4, Employee Compensation and Benefits Records	061, Payroll program administrative records—Payroll system reports providing fiscal information on agency payroll	Revised the disposition instructions for machine-implementation.
	080, Wage Survey Files	Revised the item description for clarity. Revised the disposition instructions for machine-implementation.
GRS 2.6, Employee Training Records	041, Senior Executive Service Candidate Development Program (SESCDP)—Case records on SESCO DP participants	Revised the disposition instructions for machine-implementation.
GRS 5.4, Facility, Equipment, Vehicle,	020, Real property ownership records 030, Vehicle and equipment	Revised the disposition instructions for machine-implementation

Property, and Supply Records	ownership records and operation manuals.	
GRS 5.6, Security Management Record	050, Records of credit card abuse and postal irregularities (now Misuse or irregularities investigation records)	Changed the item title and description for clarity. Revised the disposition instructions for machine-implementation.
	100, Accident and incident records 160, Canine (K-9) service records.	Revised the disposition instructions for machine-implementation.

3. How do agencies cite GRS items when communicating with NARA ?

Cite the “DAA” number in the “Disposition Authority” column of the GRS table when transferring records to Federal Records Centers or to NARA for accessioning, or when requesting GRS deviations on record schedules. For example, use “DAA-GRS-2017-0007-0008” rather than “GRS 2.2, item 070.” A GRS Disposition Authority Look-Up Table is available on our website at <https://www.archives.gov/records-mgmt/grs.html>.

4. Do agencies have to take any action to implement these GRS changes?

NARA regulations ([36 CFR 1226.12\(a\)](#)) require agencies to disseminate GRS changes within six months of receipt.

Per [36 CFR 1227.12\(a\)\(1\)](#), if a new or revised GRS states that the provisions must be followed without exception, your agency must follow the disposition instructions of the GRS.

If your agency has an existing schedule item for records covered by a new or revised GRS, the GRS supersedes the agency-specific item. Per [36 CFR 1227.12\(a\)\(3\)](#), if you wish to continue using your agency-specific item and the related GRS item is not identified as mandatory, you must notify NARA within 120 days of the date of this transmittal. Please send these notifications to GRS_Team@nara.gov.

If you do not have an already existing agency-specific item and want to apply a retention period that differs from that specified in the GRS, you must submit a records schedule to NARA for approval via the Electronic Records Archives.

5. How can an agency get copies of the new GRS?

You can download the complete current GRS, in PDF format, from NARA's website at <http://www.archives.gov/records-mgmt/grs.html>.

6. Whom should an agency contact for further information?

Please contact GRS_Team@nara.gov with any questions related to this transmittal.

Colleen J. Shogan,
Archivist of the United States.
