## E-mail Management

**ATTENTION!** This page has been superseded. The information listed below is no longer accurate. Please visit our current page at:

<http://www.archives.gov/records-mgmt/records-mgmt/email-mgmt>. Please note that this page is available only as a technical and historical reference.

Federal agencies are required to manage their email records in accordance with the [Federal Records Act](#) and [36 CFR Chapter XII Sub-chapter B](#).

With the issuance of the [Managing Government Records Directive \(M-12-18\)](#) , Goal 1.2, agencies are required to manage both permanent and temporary email records in an accessible electronic format by December 31, 2016. The issuance of [NARA Bulletin 2013-2](#) established “the Capstone Approach” as an alternative means of managing email, while the transmittal of [GRS 6.1](#)  provides disposition authority for the approach. Both issuances provide one way in which Federal agencies can meet the requirements of Goal 1.2 of M-12-18.

## The following sections are available to provide Federal agencies with additional information on email management and the Capstone Approach:

- [Email Specific Guidance and Resources](#)
- [Capstone Training and Resources](#)
- [Sample Agency Implementation](#)
